

MOHAMMAD MUJAHID

Accounts Receivable | Billing | Order-to-Cash Operations

Bengaluru, India | +91 8105088456 | mujahid.icmai@gmail.com | [LinkedIn](#) | [Portfolio](#)

PROFESSIONAL SUMMARY

Accounts Receivable and Order-to-Cash Analyst with 2+ years of experience supporting high-volume US finance operations. Experienced in customer payment processing, remittance matching, cash application, customer account reconciliations, unapplied cash clearance, AR aging, dunning and collections support, billing-related queries, and payment exception resolution. Strong background in stakeholder coordination, audit controls, month-end support, and process improvement using Excel VBA, Power Apps, and AI-driven workflows.

CORE COMPETENCIES

Accounts Receivable (AR) | Billing Operations | Order-to-Cash (O2C) | Cash Application | Payment Posting | Remittance Matching | Customer Account Reconciliation | Bank and AR Reconciliation | Unapplied Cash Clearance | AR Aging | Dunning and Collections Support | Customer Queries | Billing Discrepancies | Dispute and Exception Resolution | GL Coding | Month-End Close Support | Audit Documentation | SLA and TAT Management | Process Improvement | Automation

PROFESSIONAL EXPERIENCE

Accenture | Order to Cash Operations Analyst | Bengaluru, India | Oct 2024 – Present

- Process and apply 150–200+ daily customer payments across Checks, ACH, Wires, and EFT, ensuring accurate remittance matching, GL coding, and SLA adherence.
- Perform end-to-end cash application and customer account reconciliation, including payment posting and unapplied cash clearance, to maintain accurate AR balances.
- Support AR aging, outstanding receivables follow-up, and dunning/collections coordination across 30+ US divisions.
- Handle 500+ internal and external customer queries per month, providing accurate and timely resolution for payment, account, and finance-related issues within defined TAT targets.
- Investigate and resolve payment and billing-related exceptions, including NSF/returned checks, auto debits, short payments, overpayments, and stop payments through root-cause analysis and stakeholder coordination.
- Support month-end close activities through reconciliation packs, aging reports, audit-ready documentation, and adherence to controls and approval frameworks.
- Contribute to process improvement and automation initiatives using Excel VBA, Power Apps, and AI-driven workflows, reducing rework by 40% and delivering approximately 2 FTE annualized savings.

K S Ramkumar & Rao | Accounts & Taxation Intern | Bengaluru, India | 2024

- Filed GST and ITR returns for 15+ clients while supporting statutory compliance and documentation requirements.
- Assisted with audits, stock verification, accounting reviews, and supporting documentation.
- Gained hands-on experience with Tally Prime and Compu Office in accounting and taxation processes.
